

OFFICIAL ACCOUNT OF HUN KILLED

BERLIN, (Delayed.)—The total number of Germans killed in the war was officially announced today as 649,000.

BULLETIN

LISBON, (Delayed.)—The entire Portuguese cabinet has resigned.

AMERICAN PEACE DELEGATES WILL HOLD FIRST SESSION THIS EVENING

PARIS, Dec. 18.—The first conference of the complete American peace delegation will be held at five o'clock this afternoon when President Wilson goes to the Crillon Hotel to meet other representatives. The President's principal conference today, previous to the American conference, will be with Gabriel Hanotaux, former French Foreign minister. He was busily studying reports and data of the recent conference. Despite the rain he plans to take a motor trip this afternoon.

WILSON MORE CLEARLY EXPLAINS HIS ATTITUDE ON LEAGUE OF NATIONS

PARIS, Dec. 18.—"I not only favor a league of nations but I believe the formation of such a league is absolutely indispensable to the maintenance of peace," President Wilson declared today.

The President made this statement in denying the authority of a dispatch published in an American newspaper declaring that he approved a plan for a league of nations to enforce peace. "I not only favor a league of nations but I believe the formation of such a league is absolutely indispensable to the maintenance of peace; but the practical plan of a league to enforce peace was never directly or indirectly endorsed by me."

CONTINUED DEMONSTRATIONS IN BERLIN MAY LEAD TO OVERTHROW OF EBERT

By FRANK J. TAYLOR

BERLIN, (Night.)—The conflict between the radicals and the Ebert government which broke out afresh yesterday is still undecided. The demonstration of the soldiers outside the Reichstag building was more serious than it was thought at first. While there were no actual physical encounters the attitude of the soldiers succeeded in forcing Chancellor Ebert in averting the issue by adjourning the cabinet until tomorrow. If the radical movement continues to grow the present government will be overthrown. The radicals gained courage yesterday by the attempts made by Geo. Ledebaur and Richard Barth against the People's Council which resulted in Barth holding the meeting.

Major General Schuch has resigned as war minister owing to a disagreement considering the military policy.

MACKENSON AND STAFF INTERNED

BERLIN, (Delayed.)—Field Marshal Mackensen, interned by the Hungarians, is confined with his entire staff in Count Karolyi's castle at Poth according to dispatches from Budapest.

CONGRESSIONAL RESOLUTION SEEKS TRIAL OF KAISER

WASHINGTON, Dec. 18.—A resolution putting Congress on record as favoring the trial and punishment of the former Kaiser was introduced in the House today by Representative Darrow, of Pennsylvania.

BENJAMIN FRANKLIN LANDS IN JAIL

There is nothing in a name. At least not in this instance. Sheriff Gorman went down to Karthaus yesterday and arrested Benjamin Franklin and haled the loud sounding title to the county calaboose.

We are pleased to be able to state that this is not our good old friend "Poor Richard" who snapped the lightning from the skies and tramped on the toes of Queen Vic at a court ball in Hingham one time. It is however a fellow who first saw the light of day in Italy's sunny clime and simply borrowed old Ben's official title when he became a resident in free America.

Ben is charged with borrowing one \$16 overcoat, a suit case, alarm clock and \$16 in coin of the realm as well as embezzling sundry goods and chattels from a Steamboat company at Wilmington, Delaware.

Ben said he would go back to Wilmington without extradition papers and felt satisfied he could clear his skirts when he got there.

Mrs. Beryl McClellan who has been visiting her parents Mr. and Mrs. J. L. Conklin on Front street left today for her home in Kranklin.

DONT WANT THEIR TIMBER DESTROYED

The owners of woodlands adjacent to town are up in arms against the common practice of boys going into the woods at this time of year and cutting young trees for Christmas trees. So widespread has been the destruction to young timber that a halt has been called and prosecution will follow every case of trespass and tree cutting this year.

The boys go into the woods and not content with taking the young spruce or hemlock just springing up will climb well developed trees and cut out the tops. In some instances the same boy will cut off three or four tops before he gets one to suit him. As a result of this destruction each tree is practically ruined and it is to prevent this waste that tree owners feel compelled to invoke the law's aid now.

Cautious your boy against this practice and save costs as well as the other fellow's timber.

Serg. Jennings Stewart and Joe Sansone arrived home from Camp Lee, Va., both having been mustered out.

J. D. Black left yesterday to transact business in Cherry Tree and said he will not endorse Mann's candidacy.

DUTY OF CITIZENS IS PUBLIC SCHOOLS

The public schools of Pennsylvania now face a crisis unmatched in the two and a third centuries since Enoch Flower opened at Philadelphia the first school in the Commonwealth. War has imposed such an unusual and heavy burden that unless the state takes instant and heroic action many of its forty-five thousand teachers will be permanently employed in more remunerative occupation.

At this rate of pay it is impossible now to engage teachers of any education for all the schools. The doors to an adequate education are locked against a great many of our one million five hundred thousand pupils.

The cost of living has increased for the teachers as much as for that of other wage earners, while their pay advanced far less.

The schools of Pennsylvania require forty-five thousand teachers. The average monthly pay of the men teachers is approximately \$100. The average monthly pay of women teachers is fifty-one dollars. The men teachers receive five dollars and twenty cents a month more than they received sixty years ago. The women teachers three dollars and eight cents. In the past three years, according to official United States government figures the cost of living has increased 80 per cent. This means that the cost of living has gone up ten times faster than the pay of men teachers and twelve times faster than the pay of women teachers. For every one hundred dollars paid to men teachers six years ago, they now get one hundred eight dollars, and for every \$100 paid women teachers six years ago, they now get \$108, but they are obliged to pay out of that one hundred eight dollars and one hundred ten dollars respectively, about eighty dollars more in order to maintain their former standard of living. In addition to this the teachers receive no pay whatsoever during vacation, a period of from two to five months each year. A comparison of the wages of school teachers with that of other workers before the war reveals that the average pay of carpenters was eight hundred two dollars, coal miners \$600, factory hands \$560, common laborers \$613 and school teachers \$485. In the recent year the United States government ordered an increase in the pay of railroad employees averaging \$200. In the last two years the largest steel company in America has increased the pay of its working force eight different times. The average exceeds the \$200 given to the railroad employees. In this same period the average pay of the Pennsylvania school teachers has advanced less than \$20 a year.

Pennsylvania is the second richest state in the Union, yet it spends but twenty-seven cents out of every one hundred dollars of its taxable wealth on its public schools, while New Jersey spends 43 cents, Ohio 35 cents, Indiana 39 cents, Illinois 29 cents. Only twenty of the forty-eight states pay lower salaries to teachers than in Pennsylvania. Fifteen of these states are in the South, are notably poor and have poor school facilities. The young men and young women in Pennsylvania from which the teaching force should be recruited and from which it was formerly recruited are now entering vocations which offer greater remuneration.

If Pennsylvania is to maintain an adequate teaching force it must pay sufficient salaries to keep its present teaching force and to make the vocation of teaching attract the better young men and young women of the younger generation. In other words, the state must do for its teachers precisely what every corporation has been obliged to do for its employees. It must increase the wages as the cost of living increases. The burden of taxation for this increase cannot be placed upon the real estate because the tax limit has already been reached in many places. The Commonwealth must tap the vast resources for the benefit of its public schools. A 25 per cent. increase in teachers' pay would mean a per capita tax of \$1.10 a year. Pennsylvania now stands at the cross roads. It must either turn into the path leading to a wilderness of deficient schools and hampered education or it may go down that broad highway of a more liberal knowledge along with our sister States. In this choice, who can hesitate?

Albert Hinkle left this morning for Tyrone to attend the funeral of the late Frank Bilge.

THE U. P. MAN'S DAILY CABLE FROM THE CITY OF BERLIN

By Frank J. Taylor

Berlin, December 15—Delayed—President Wilson's arrival in France constitutes most of the news in the Berlin newspapers. The only dispatches regarding the President are received through Switzerland. These are always displayed in the first column on page one. The remainder of the page is filled with proclamations, open letters and editorials. The number of newspapers in Berlin is steadily increasing. Soldiers decorated with garlands of leaves and flowers are pouring into Berlin at the rate of 10,000 a day. The garrison at Berlin is under arms to prevent a Bolshevik demonstration. The boulevards are filled with crowds. All the meeting places are jammed filled with people listening to speeches urging or demanding some kind of a council. Street and cafe sings in which the former Kaiser's name appeared are rapidly disappearing. Theatres, operas and music halls are giving typical Berlin programs. The number of unemployed men and women increases daily on account of the munition factories closing down especially the Krupp plants which employed one quarter of a million.

MANN ANNOUNCES CANDIDACY

Washington, Dec. 18.—Republican leader James R. Mann today announced his candidacy for the speaker of the House in the next Congress.

In announcing his candidacy Mann said he was assured by his physicians that he had entirely regained his health.

"My health is reestablished," Mann stated. "It has been tested in the hospital and I have tested it on the floor of the House. I never felt better or stronger so my many friends have urged me to run the race so I have my hat in the ring."

Mann's candidacy is endorsed by 12 of the 17 members of the Illinois Republican delegation. The Republican leader is the first to announce his candidacy for the speakership of the new Congress. Other possible speakers are Gillett Mass., acting minority leader during the recent illness of Mann, Nicholas Longworth, of Ohio and Madden of Illinois. Madden did not endorse Mann's candidacy.

WESTERNERS VISIT FULTON FAMILY

Mrs. Annie E. Fulton and daughter Mrs. John C. Gallup, together with the latter's husband, of Denver, Colorado, made a brief visit here with relatives and old acquaintances Monday and Tuesday of this week. They were guests of T. N. Fulton and R. I. Fulton.

Mrs. Fulton is the widow of the late S. A. Fulton, oldest brother of T. N. Fulton who was well known in this region in his early manhood.

Mr. Gallup is one of Denver's prominent real estate and business men. This was his first visit to this section of Pennsylvania and he was greatly impressed by Clearfield's attractiveness and activity.

BACK AT THE OLD STAND

"Punch" Garman, who slipped a couple of "razzors" in his boat last July and started for France to get the Kaiser, arrived home from Camp Lee this week and is back at his old position polishing chins at Lehman's Tonsorial studio on Second street. He was about ready to go across when the Kaiser threw up the sponge and thereby saved himself a close shave at the hands of the blood-thirsty "Punch."

TO DEATHS FROM INFLUENZA

There were two deaths from influenza in this vicinity yesterday. Mrs. Folmar died at her home in the Kerr Addition and Mrs. Kramer passed away at the home of Cecil McKee on Spruce street.

Mrs. Albert Harris an East End colored woman, was taken to the emergency hospital this morning in a very serious condition.

BILL PORTER HEARD FROM

Mrs. O. B. Porter received a postcard from her son William, who is in a U. S. Cavalry regiment in France. Bill, like all the Yankee boys, was too busy chasing huns to waste much time writing home and consequently his parents were more or less alarmed at lack of news from him since his regiment went to France. The letter was written November 27th and Bill says he is not only well but is doing well.

STOCK PRICES SHOW INCREASE

New York, Dec. 18.—Prices were fractionally higher at the opening of the stock market today. United States steel opened at 96 1/2 up 1/2. Baldwin at 70 1/2.

SENATE POSTPONES KNOX RESOLUTION

WASHINGTON, Dec. 18.—The Senate Foreign Relations committee today postponed final action on the Knox resolution expressing the sense that the league of nations should not be considered until after the peace treaty has been signed. The sentiment of the committee is understood to be fairly evenly divided. Since he has been in France President Wilson has made it clear that he believes a league of nations should be the first clause of the peace treaty.

THIRD WARD HOSE CO. ELECTS OFFICERS

The following officers were elected at a regular meeting of the Third Ward Hose Co. held Tuesday evening, December 17, 1918:

MAIL SERVICE—HIGH AND LOW—GOOD AND BAD

It is all very nice to see high powered planes floating over our city carrying mail from distant cities. It appeals to our imagination and more than that it shows that the spirit of invention and innovation is alive in America and that we will be the first to perfect this form of mail transmission. The attempt is laudable and should be carried on but while that is being done the rural communities should not be neglected as they are. Today we would much rather see a full crew of well paid rural mail carriers departing from our local postoffice with well fed horses and spick and span wagons than to see a dozen high speed mail planes skirting the horizon. The Post Office Department must be reorganized soon or the rural citizen will be compelled to put up with the inconvenience of twenty years ago. It is time for the rural communities to make themselves heard in this matter.

ASKED NOT TO USE GOLD COINS FOR PRESENTS

Local banks have received cards from city banks calling their attention to a circular letter issued by the Federal Reserve banks to the effect that the use of gold coin for Christmas presents should be discouraged. It is stated that the gold is urgently needed to keep up the gold reserve and there is world-wide movement to discourage the use of gold as a circulation medium. The attention of local people is called to this fact in the hope that gold coin will not be used for Christmas presents.

RED CROSS GETS DOLLAR, BUT HIS HEART WAS LOST WITH PARENTS LONG AGO

H. J. Cattell, the city statistician, of Philadelphia, walked into the booth under the Liberty Statue yesterday afternoon to join the Red Cross.

"Have you a heart and a dollar?" laughingly asked the girl in charge, referring to the campaign slogan.

"Here is the dollar," he replied; "my heart I lost long ago."

After entering his name Mr. Cattell told the worker he wanted to add two more names to the membership roll, those of C. A. Cattell and E. G. Cattell.

"Who are they?" asked the volunteer.

"My father and mother," was the answer.

"But they must be very old?"

"They both have been dead thirty-four years," said Mr. Cattell, "but I know they would join if they were alive."

Make the Christmas Red Cross roll call YOU unanimous.

Have a Happy New Year by making your Christmas purchases square with your Christmas spending money. Remember that a simple gift to many brightens the lives of more people than expensive gifts to a few.

ITALIAN SENATE ENDORSES ORLANDO

Rome, Dec. 17.—Delayed.—The Senate today attacked the provisional budget and voted confidence in Orlando's ministry. Italy's war debt has increased to be approximately fifteen billion dollars. It was also stated that a total of five million men were mobilized, more than any other belligerent in proportion to the population. Orlando declared that the disintegration of Austria should not exempt her from paying the cost of the war through some of the new taxes which he proposed.

Yes, law it in The Progress.

GETTING ALONG FINE NOW

Mr. and Mrs. Reed Hubler who son Charles I. Hubler was wounded yesterday attacked the provisional budget and voted confidence in Orlando's ministry. Italy's war debt has increased to be approximately fifteen billion dollars. It was also stated that a total of five million men were mobilized, more than any other belligerent in proportion to the population. Orlando declared that the disintegration of Austria should not exempt her from paying the cost of the war through some of the new taxes which he proposed.

MADE A SERGEANT

Paul D. Watson, son of Mr. and Mrs. W. P. Watson of Market street, Clearfield, who is with the chemical or gas branch of the service with the A. E. F. in France, was recently made a sergeant and in a letter to his parents says he is feeling fine and expects to get home before long.

MUSIC

THE spirit that hits your heart around Christmas Eve and Christmas morning---that carefree happy thoughtfulness for your neighbor, relatives, strangers, friends---can be made to live throughout your home all the year 'round---a little music will do.

Music and happiness are one. That's why we invariably whistle or sing when our hearts are at ease and happiness holds full sway over us.

A piano in your home or a victrola will make every day Christmas day for you and all the family.

Why This Xmas. Is the Vital Time.

"You need a piano---your children deserve it. Then place one in your home now---for the child's musical education is more important than ever."

Here's a fair case. Assume that your children are 8 and 10 years old---and without yet having started their music.

"Now look ahead five years. The little ones are almost grown---13 and 15 years old. Both of them past the very best age for acquiring the foundation of a musical education. There is no way to make it up---and you must realize that had they been given the opportunity music would have played an important part in the forming of their characters which would reflect through their whole lives."

"You can have the piano now. No need to delay, for we will place one in your home to be paid for in easy payments that you will scarcely miss. And you'll realize more and more that each payment means really a payment for the very character and education of your children---an investment rather than an expense."

We can place an Estey, H. M. Cable or an Archer in your home between now and Xmas. It's merely a matter of taste which one you select---each is premier in tone, finish and honest make.

Whether The Old Fellow Places A Victrola Edison Ambrola or a Sonora

In your home on Christmas you're assured of having Christmas last for the entire coming year. You are assured of hearing the world's greatest musicians in your own home just when you want them.

Our easy payment plan---a small deposit down, balance in regular monthly payments---should make it easy for you.

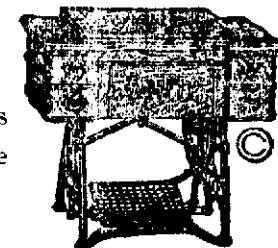

Records Make Pleasant Xmas Presents

It's an easy thing to make gifts in the home where there is a victrola. Drop in and hear the ones you'd like to give your friends on Xmas.

Overheard On The Street

The Man Wearing The Derby: "I overheard the folks talking at the house about what they were going to get me for Christmas and, without eavesdropping, I heard them say that Shapiro's were paying particular attention to women who were buying gifts for men."

The Man Wearing The Soft Hat: "Yep, that service of Shapiro's should make Christmas a lot better for us fellows who are particular about what we wear, and yet do not want to offend by not wearing what we get in our stockings."

T. M. W. T. D.: "Well, here's hoping that I get some of those fine silk shirts or one of those C. & K. hats."

T. M. W. T. S. H.: "I've had my eye on a new traveling bag that I saw in Shapiro's window; hope someone gets me that."

Both men draw apart, each going about his separate business wishing devoutly that their womankind will take advantage of Shapiro's Christmas service for women shopping to men.

SCHOOL NOTES

Clearfield High received visits from several boys formerly of C. H. S. but recently in training schools. They were Paul and Charles Collins, and Harold Robinson, all of last year's senior class.

"Doc" Latschaw hands us this, "It history is war and war is what Sherman said it was, what is history?"

Miss Madeline Porter received a message from her brother William Porter who is now in France. This was the first communication received from him for over five months. It will be remembered that "Bill" was one of the first to go from the town and High school.

Mr. and Mrs. M. Frost of New York are visiting at the home of Mrs. Frost's parents Mr. and Mrs. Thomas Johnsonbaugh.

A LETTER FROM
ANSON LANSBERRY

Anson W. Lansberry in a letter to his mother Mrs. Joseph Lansberry, of Marshall street, written October 20th, tells of his work with the A. E. F. in the Argonne forest. He says this forest really has been very much of the war zone where he was accustomed to shoulder his shotgun and with old Hank at his heels beat the bush for rabbits and pheasants. He says he is now job hunting their 70 pounds over hill and dale, but they are going to, and knocking him out of the line between them. He took a run in the trenches bigger than half a dozen and said a couple of reasons him on a night or two previous that he pointed out of his tank with a gun which awakened the entire outfit. "The army is 'big' too."

In another letter dated November 15th four days after the fighting ended, he says he is alive and well. He says we have been pretty busy the

last few weeks and sure made Heinie go some. We were in the last big drive and believe me it was some drive. The hums beat it as fast as they could go; and we had to fight machine guns all the way. But thank God it is almost over now. I ran across Charley Pool this morning while looking over an old battlefield. He is well and looking fine.

NERVOUS ENERGY

life's momentum, depends upon a well-nourished body. When strength is depleted and the body lacking in essential nourishment, the nerves are the first to suffer.

SCOTT'S EMULSION

simon-pure in substance, rich in tonic qualities, nourishes the whole body and strengthens and steadies the nerves. Wherever the sun shines, Scott's is the recognized standard tonic-food and conservator of strength.

SANTA HAS ARRIVED

And say, Children, you should see what he has brought for you. Some of the hard hearted grown-ups said that we should not give toys this year. Why, what would be the use of Christmas? But thanks to lots of folks that had your good time in mind we have hundreds and hundreds of toys and books and games.

It's getting nearer and nearer Xmas so I would speak to Daddy and Mama and have them come with you to tell them what you want Santa to bring you. Lots of other kiddies have had their Daddies and Mothers here and they have told them just what they wanted on next Wednesday morning and from what we saw we think that they will get all or most all of the things they picked out.

Better come soon before the things are all picked out.

BERLIN, (Delayed.)—The total number of Germans killed in the war was officially announced today as 649,000.

BULLETIN

LISBON, (Delayed.)—The entire Portuguese cabinet has resigned.

AMERICAN PEACE DELEGATES WILL HOLD FIRST SESSION THIS EVENING

PARIS, Dec. 18.—The first conference of the complete American peace delegation will be held at five o'clock this afternoon when President Wilson goes to the Crillon Hotel to meet other representatives. The President's principal conference today, previous to the American conference, will be with Gabriel Hanotaux, former French Foreign minister. He was busily studying reports and data of the recent conference. Despite the rain he plans to take a motor trip this afternoon.

WILSON MORE CLEARLY EXPLAINS HIS ATTITUDE ON LEAGUE OF NATIONS

PARIS, Dec. 18.—"I not only favor a league of nations but I believe the formation of such a league is absolutely indispensable to the maintenance of peace," President Wilson declared today.

The President made this statement in denying the authority of a dispatch published in an American newspaper declaring that he approved a plan for a league of nations to enforce peace. "I not only favor a league of nations but I believe the formation of such a league is absolutely indispensable to the maintenance of peace; but the practical plan of a league to enforce peace was never directly or indirectly endorsed by me."

CONTINUED DEMONSTRATIONS IN BERLIN MAY LEAD TO OVERTHROW OF EBERT

By FRANK J. TAYLOR

BERLIN, (Night.)—The conflict between the radicals and the Ebert government which broke out afresh yesterday is still undecided. The demonstration of the soldiers outside the Reichstag building was more serious than it was thought at first. While there were no actual physical encounters the attitude of the soldiers succeeded in forcing Chancellor Ebert in averting the issue by adjourning the cabinet until tomorrow. If the radical movement continues to grow the present government will be overthrown. The radicals gained courage yesterday by the attempts made by Geo. Ledebaur and Richard Barth against the People's Council which resulted in Barth holding the meeting.

Major General Schuch has resigned as war minister owing to a disagreement considering the military policy.

MACKENSON AND STAFF INTERNED

BERLIN, (Delayed.)—Field Marshal Mackensen, interned by the Hungarians, is confined with his entire staff in Count Karolyi's castle at Poth according to dispatches from Budapest.

CONGRESSIONAL RESOLUTION SEEKS TRIAL OF KAISER

WASHINGTON, Dec. 18.—A resolution putting Congress on record as favoring the trial and punishment of the former Kaiser was introduced in the House today by Representative Darrow, of Pennsylvania.

BENJAMIN FRANKLIN LANDS IN JAIL

There is nothing in a name. At least not in this instance. Sheriff Gorman went down to Karthaus yesterday and arrested Benjamin Franklin and haled the loud sounding title to the county calaboose.

We are pleased to be able to state that this is not our good old friend "Poor Richard" who snapped the lightning from the skies and tramped on the toes of Queen Vic at a court ball in Hingham one time. It is however a fellow who first saw the light of day in Italy's sunny clime and simply borrowed old Ben's official title when he became a resident in free America.

Ben is charged with borrowing one \$16 overcoat, a suit case, alarm clock and \$16 in coin of the realm as well as embezzling sundry goods and chattels from a Steamboat company at Wilmington, Delaware.

Ben said he would go back to Wilmington without extradition papers and felt satisfied he could clear his skirts when he got there.

Mrs. Beryl McClellan who has been visiting her parents Mr. and Mrs. J. L. Conklin on Front street left today for her home in Kranklin.

DONT WANT THEIR TIMBER DESTROYED

The owners of woodlands adjacent to town are up in arms against the common practice of boys going into the woods at this time of year and cutting young trees for Christmas trees. So widespread has been the destruction to young timber that a halt has been called and prosecution will follow every case of trespass and tree cutting this year.

The boys go into the woods and not content with taking the young spruce or hemlock just springing up will climb well developed trees and cut out the tops. In some instances the same boy will cut off three or four tops before he gets one to suit him. As a result of this destruction each tree is practically ruined and it is to prevent this waste that tree owners feel compelled to invoke the law's aid now.

Caution your boy against this practice and save costs as well as the other fellow's timber.

Serg. Jennings Stewart and Joe Sansone arrived home from Camp Lee, Va., both having been mustered out.

J. D. Black left yesterday to transact business in Cherry Tree and said he will not endorse Mann's candidacy.

THE VINTAGE OF PEACE

—M. E. Evening Telegram

THE U. P. MAN'S DAILY CABLE FROM THE CITY OF BERLIN

By Frank J. Taylor

Berlin, December 15—Delayed—President Wilson's arrival in France constitutes most of the news in the Berlin newspapers. The only dispatches regarding the President are received through Switzerland. These are always displayed in the first column on page one. The remainder of the page is filled with proclamations, open letters and editorials. The number of newspapers in Berlin is steadily increasing. Soldiers decorated with garlands of leaves and flowers are pouring into Berlin at the rate of 10,000 a day. The garrison at Berlin is under arms to prevent a Bolshevik demonstration. The boulevards are filled with crowds. All the meeting places are jammed filled with people listening to speeches urging or demanding some kind of a council. Street and cafe sings in which the former Kaiser's name appeared are rapidly disappearing. Theatres, operas and music halls are giving typical Berlin programs. The number of unemployed men and women increases daily on account of the munition factories closing down especially the Krupp plants which employed one quarter of a million.

MANN ANNOUNCES CANDIDACY

Washington, Dec. 18.—Republican leader James R. Mann today announced his candidacy for the speaker of the House in the next Congress.

In announcing his candidacy Mann said he was assured by his physicians that he had entirely regained his health. "My health is reestablished," Mann stated. "It has been tested in the hospital and I have tested it on the floor of the House. I never felt better or stronger so my many friends have urged me to run the race so I have my hat in the ring."

Mann's candidacy is endorsed by 12 of the 17 members of the Illinois Republican delegation. The Republican leader is the first to announce his candidacy for the speakership of the new Congress. Other possible speakers are Gillett Mass., acting minority leader during the recent illness of Mann, Nicholas Longworth of Ohio and Madden of Illinois. Madden did not endorse Mann's candidacy.

WESTERNERS VISIT FULTON FAMILY

Mrs. Annie E. Fulton and daughter Mrs. John C. Gallup, together with the latter's husband, of Denver, Colorado, made a brief visit here with relatives and old acquaintances Monday and Tuesday of this week. They were guests of T. N. Fulton and R. I. Fulton.

Mrs. Fulton is the widow of the late S. A. Fulton, oldest brother of T. N. Fulton who was well known in this region in his early manhood.

Mr. Gallup is one of Denver's prominent real estate and business men. This was his first visit to this section of Pennsylvania and he was greatly impressed by Clearfield's attractiveness and activity.

BACK AT THE OLD STAND

"Punch" Garman, who slipped a couple of "razzors" in his boat last July and started for France to get the Kaiser, arrived home from Camp Lee this week and is back at his old position polishing chairs at Lehman's Tonsorial studio on Second street. He was about ready to go across when the Kaiser threw up the sponge and thereby saved himself a close shave at the hands of the blood-thirsty "Punch."

TO DEATHS FROM INFLUENZA

There were two deaths from influenza in this vicinity yesterday. Mrs. Folmar died at her home in the Kerr Addition and Mrs. Kramer passed away at the home of Cecil McKee on Spruce street.

Mrs. Albert Harris an East End colored woman, was taken to the emergency hospital this morning in a very serious condition.

BILL PORTER HEARD FROM

Mrs. O. B. Porter received a postcard from her son William, who is in a U. S. Cavalry regiment in France. Bill, like all the Yankee boys, was too busy chasing huns to waste much time writing home and consequently his parents were more or less alarmed at lack of news from him since his regiment went to France. The letter was written November 27th and Bill says he is not only well but is doing well.

STOCK PRICES SHOW INCREASE

New York, Dec. 18.—Prices were fractionally higher at the opening of the stock market today. United States steel opened at 96 1/2 up 1/2. Baldwin at 70 1/2.

SENATE POSTPONES KNOX RESOLUTION

WASHINGTON, Dec. 18.—The Senate Foreign Relations committee today postponed final action on the Knox resolution expressing the sense that the league of nations should not be considered until after the peace treaty has been signed. The sentiment of the committee is understood to be fairly evenly divided. Since he has been in France President Wilson has made it clear that he believes a league of nations should be the first clause of the peace treaty.

The public schools of Pennsylvania now face a crisis unmatched in the two and a third centuries since Enoch Flower opened at Philadelphia the first school in the Commonwealth. War has imposed such an unusual and heavy burden that unless the state takes instant and heroic action many of its forty-five thousand teachers will be permanently employed in more remunerative occupation.

At this rate of pay it is impossible now to engage teachers of any education for all the schools. The doors to an adequate education are locked against a great many of our one million five hundred thousand pupils.

The cost of living has increased for the teachers as much as for that of other wage earners, while their pay advanced far less.

The schools of Pennsylvania require forty-five thousand teachers. The average monthly pay of the men teachers is approximately dollars. The average monthly pay of women teachers is fifty-one dollars. The men teachers receive five dollars and twenty cents a month more than they received sixty years ago. The women teachers three dollars and eight cents. In the past three years, according to official United States government figures the cost of living has increased 80 per cent. This means that the cost of living has gone up ten times faster than the pay of men teachers and twelve times faster than the pay of women teachers. For every one hundred dollars paid to men teachers six years ago, they now get one hundred eight dollars, and for every \$100 paid women teachers six years ago, they now get \$108, but they are obliged to pay out of that one hundred eight dollars and one hundred six dollars respectively, about eighty dollars more in order to maintain their former standard of living. In addition to this the teachers receive no pay whatsoever during vacation, a period of from two to five months each year. A comparison of the wages of school teachers with that of other workers before the war reveals that the average pay of carpenters was eight hundred two dollars, coal miners \$600, factory hands \$560, common laborers \$613 and school teachers \$485. In the recent year the United States government ordered an increase in the pay of railroad employees averaging \$200. In the last two years the largest steel company in America has increased the pay of its working force eight different times. The average exceeds the \$200 given to the railroad employees. In this same period the average pay of the Pennsylvania school teachers has advanced less than \$20 a year.

Pennsylvania is the second richest state in the Union, yet it spends but twenty-seven cents out of every one hundred dollars of its taxable wealth on its public schools, while New Jersey spends 43 cents, Ohio 35 cents, Indiana 39 cents, Illinois 29 cents. Only twenty of the forty-eight states pay lower salaries to teachers than in Pennsylvania. Fifteen of these states are in the South, are notably poor and have poor school facilities. The young men and young women in Pennsylvania from which the teaching force should be recruited and from which it was formerly recruited are now entering vocations which offer greater remuneration.

If Pennsylvania is to maintain an adequate teaching force it must pay sufficient salaries to keep its present teaching force and to make the vocation of teaching attract the better young men and young women of the younger generation. In other words, the state must do for its teachers precisely what every corporation has been obliged to do for its employees. It must increase the wages as the cost of living increases. The burden of taxation for this increase cannot be placed upon the real estate because the tax limit has already been reached in many places. The Commonwealth must tap the vast resources for the benefit of its public schools. A 25 per cent. increase in teachers' pay would mean a per capita tax of \$1.10 a year. Pennsylvania now stands at the cross roads. It must either turn into the path leading to a wilderness of deficient schools and hampered education or it may go down that broad highway of a more liberal knowledge along with our sister States. In this choice, who can hesitate?

Albert Hinkle left this morning for Tyrone to attend the funeral of the late Frank Bilge.

MAIL SERVICE—HIGH AND LOW—GOOD AND BAD

It is all very nice to see high powered planes floating over our city carrying mail from distant cities. It appeals to our imagination and more than that it shows that the spirit of invention and innovation is alive in America and that we will be the first to perfect this form of mail transmission. The attempt is laudable and should be carried on but while that is being done the rural communities should not be neglected as they are. Today we would much rather see a full crew of well paid rural mail carriers departing from our local postoffice with well fed horses and spick and span wagons than to see a dozen high speed mail planes skirting the horizon. The Post Office Department must be reorganized soon or the rural citizen will be compelled to put up with the inconvenience of twenty years ago. It is time for the rural communities to make themselves heard in this matter.

ASKED NOT TO USE GOLD COINS FOR PRESENTS

Local banks have received cards from city banks calling their attention to a circular letter issued by the Federal Reserve banks to the effect that the use of gold coin for Christmas presents should be discouraged. It is stated that the gold is urgently needed to keep up the gold reserve and there is world-wide movement to discourage the use of gold as a circulation medium. The attention of local people is called to this fact in the hope that gold coin will not be used for Christmas presents.

RED CROSS GETS DOLLAR, BUT HIS HEART WAS LOST WITH PARENTS LONG AGO

H. J. Cattell, the city statistician, of Philadelphia, walked into the booth under the Liberty Statue yesterday afternoon to join the Red Cross.

"Have you a heart and a dollar?" laughingly asked the girl in charge, referring to the campaign slogan.

"Here is the dollar," he replied; "my heart I lost long ago."

After entering his name Mr. Cattell told the worker he wanted to add two more names to the membership roll, those of C. A. Cattell and E. G. Cattell.

"Who are they?" asked the volunteer.

"My father and mother," was the answer.

"But they must be very old?"

"They both have been dead thirty-four years," said Mr. Cattell, "but I know they would join if they were alive."

Make the Christmas Red Cross roll call YOU unanimous.

Have a Happy New Year by making your Christmas purchases square with your Christmas spending money. Remember that a simple gift to many brightens the lives of more people than expensive gifts to a few.

ITALIAN SENATE ENDORSES ORLANDO

Rome, Dec. 17.—Delayed—The Senate today attacked the provisional budget and voted confidence in Orlando's ministry. Italy's war debt has increased to be approximately fifteen billion dollars. It was also stated that a total of five million men were mobilized, more than any other belligerent in proportion to the population. Orlando declared that the disintegration of Austria should not exempt her from paying the cost of the war through some of the new taxes which he proposed.

Yes, law it in The Progress.

GETTING ALONG FINE NOW

Mr. and Mrs. Reed Hubler who son Charles I. Hubler was wounded yesterday attacked the provisional budget and voted confidence in Orlando's ministry. Italy's war debt has increased to be approximately fifteen billion dollars. It was also stated that a total of five million men were mobilized, more than any other belligerent in proportion to the population. Orlando declared that the disintegration of Austria should not exempt her from paying the cost of the war through some of the new taxes which he proposed.

MADE A SERGEANT

Paul D. Watson, son of Mr. and Mrs. W. P. Watson of Market street, Clearfield, who is with the chemical or gas branch of the service with the A. E. F. in France, was recently made a sergeant and in a letter to his parents says he is feeling fine and expects to get home before long.

MUSIC

THE spirit that hits your heart around Christmas Eve and Christmas morning—that carefree happy thoughtfulness for your neighbor, relatives, strangers, friends—can be made to live throughout your home all the year 'round—a little music will do.

Music and happiness are one. That's why we invariably whistle or sing when our hearts are at ease and happiness holds full sway over us.

A piano in your home or a victrola will make every day Christmas day for you and all the family.

Why This Xmas. Is the Vital Time.

"You need a piano—your children deserve it. Then place one in your home now—for the child's musical education is more important than ever."

Here's a fair case. Assume that your children are 8 and 10 years old—and without yet having started their music.

"Now look ahead five years. The little ones are almost grown—13 and 15 years old. Both of them past the very best age for acquiring the foundation of a musical education. There is no way to make it up—and you must realize that had they been given the opportunity music would have played an important part in the forming of their characters which would reflect through their whole lives."

"You can have the piano now. No need to delay, for we will place one in your home to be paid for in easy payments that you will scarcely miss. And you'll realize more and more that each payment means really a payment for the very character and education of your children—an investment rather than an expense."

We can place an Estey, H. M. Cable or an Archer in your home between now and Xmas. It's merely a matter of taste which one you select—each is premier in tone, finish and honest make.

Whether The Old Fellow Places A Victrola Edison Ambrola or a Sonora

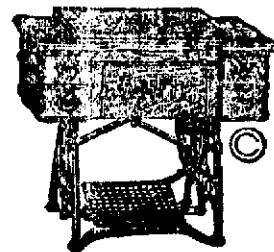

In your home on Christmas you're assured of having Christmas last for the entire coming year. You are assured of hearing the world's greatest musicians in your own home just when you want them.

Our easy payment plan—a small deposit down, balance in regular monthly payments—should make it easy for you.

Overheard On The Street

The Man Wearing The Derby: "I overheard the folks talking at the house about what they were going to get me for Christmas and, without eavesdropping, I heard them say that Shapiro's were paying particular attention to women who were buying gifts for men."

The Man Wearing The Soft Hat: "Yep, that service of Shapiro's should make Christmas a lot better for us fellows who are particular about what we wear, and yet do not want to offend by not wearing what we get in our stockings."

T. M. W. T. D.: "Well, here's hoping that I get some of those fine silk shirts or one of those C. & K. hats."

T. M. W. T. S. H.: "I've had my eye on a new traveling bag that I saw in Shapiro's window; hope someone gets me that."

Both men draw apart, each going about his separate business wishing devoutly that their womankind will take advantage of Shapiro's Christmas service for women shopping to men.

SCHOOL NOTES

Clearfield High received visits from several boys formerly of C. H. S. but recently in training schools. They were Paul and Charles Collins, and Harold Robinson, all of last year's senior class.

"Doc" Latschaw hands us this, "It history is war and war is what Sherman said it was, what is history?"

Miss Madeline Porter received a message from her brother William Porter who is now in France. This was the first communication received from him for over five months. It will be remembered that "Bill" was one of the first to go from the town and High school.

Mr. and Mrs. M. Frost of New York are visiting at the home of Mrs. Frost's parents Mr. and Mrs. Thomas Johnsonbaugh.

ANSON LANSBERRY
Anson W. Lansberry in a letter to his mother Mrs. Joseph Lansberry, of Marshall street, written October 20th, tells of his work with the A. E. F. in the Argonne forest. He says this forest really has been very much of the war zone where he was accustomed to shoulder his shotgun and with old Hank at his heels beat the bush for rabbits and pheasants. He says it is some job pecking their 70 pound, over hill and dale, but they are doing it, and knocking it out on the line between trees. He took a run in the trenches bigger than half a dozen and said a couple of reasons him on a night or two previous that he pointed out of his tank with a gun which awakened the entire outfit. "The army is 'big' too."

In another letter dated November 15th four days after the fighting ended, he says he is alive and well. He says we have been pretty busy the

last few weeks and sure made Heinie go some. We were in the last big drive and believe me it was some drive. The hums beat it as fast as they could go; and we had to fight machine guns all the way. But thank God it is almost over now. I ran across Charley Pool this morning while looking over an old battlefield. He is well and looking fine.

NERVOUS ENERGY

life's momentum, depends upon a well-nourished body. When strength is depleted and the body lacking in essential nourishment, the nerves are the first to suffer.

SCOTT'S EMULSION

simon-pure in substance, rich in tonic qualities, nourishes the whole body and strengthens and steadies the nerves. Wherever the sun shines, Scott's is the recognized standard tonic-food and conservator of strength.
